Summary

Highly accomplished and results-oriented professional with extensive expertise in data analysis, statistical modeling, and programming for business intelligence and strategic decision-making. Possessing over 29 years of experience in data analysis and research, I am adept at leveraging advanced analytical techniques, machine learning concepts, and various software tools to extract actionable insights from complex datasets. My background includes a PhD with a specialization in Organizational Networks Analytics, complemented by numerous industry-recognized certifications in data analytics and generative AI. I am seeking a key data analyst role where I can apply my comprehensive skillset to drive business growth and innovation.

Career Objective: To leverage extensive experience in statistical modeling, programming, and machine learning to drive data-driven strategies and deliver impactful business solutions in a key Data Analyst role.

Core Competencies

- **Advanced Data Analytics:** Expertise in quantitative, qualitative, and mixed research methods, including descriptive and multivariate statistical analysis, econometrics, neural network analysis, and financial data analysis.
- **Statistical Modeling & Interpretation:** Proficient in statistical inference, multivariate data analysis, and econometrics, with a deep understanding of data analysis techniques and software applications.
- **Programming & Tools:** Highly skilled in Python, R, and SQL. Experienced with analytical tools such as SPSS, SmartPLS, MS Excel, and PowerBI, and qualitative analysis software like Atlas.ti.
- **Machine Learning & AI:** Foundational knowledge in Generative AI, including certifications in "Introduction to Generative AI Learning Path", "Generative AI Fundamentals", "Generative AI for Cybersecurity Professionals", "Generative AI for Data Analysis", and "Generative AI for Business Intelligence (BI) Analyst".
- **Data Visualization & Storytelling:** Proven ability to create impactful dashboards and present complex data insights through effective storytelling and data visualizations.
- **Business Acumen:** Strong understanding of business management, public policy, and economics.

Professional Experience

Associate Professor (Regular) Balochistan University of Information Technology,
Engineering and Management Sciences, Quetta October 20, 2010 - Present

- Designed and delivered advanced courses in Research Methods, Multivariate Data Analysis, Statistics, and Data Analytics for graduate students.
- Led Python workshops, enhancing students' programming capabilities for data analysis.
- Provided expert statistical data analysis and software utilization guidance for numerous MS and PhD research projects.

Assistant Professor (Regular) Balochistan University of Information Technology, Engineering and Management Sciences, Quetta October 20, 2010 - Present

- Taught and supervised research work with a strong emphasis on data analysis and software usage for MS and PhD students.

Education

PhD in Management Sciences: (specialization in Organizational Networks Analytics and Organizational Behavior) University of Balochistan, Quetta, March 2018

Composite MS in Management Sciences and Economics: Balochistan University of Information Technology, Engineering and Management Sciences, 2010

Professional Certifications

- Google Advanced Data Analytics
- Advanced Business Analytics Specialization Certificate - University of Colorado Boulder
- Data Analytics Certificate in Public Sector using R - University of Michigan
- Human Resources Analytics Certificate - University of California, Irvine
- Introduction to Generative AI Learning Path - Google Cloud
- Microsoft PowerBI Data Analyst
- Meta Data Analyst
- IBM Data Science Certificate
- IBM Generative AI Fundamentals
- Generative AI for Cybersecurity Professionals by IBM
- Google Business Intelligence Certificate
- Generative AI for Data Analysis by IBM
- Generative AI for Business Intelligence (BI) Analyst by IBM, Skillup EdTech
- Meta (Facebook) Meta Marketing Analytics Professional Certificate (On-going)
